moderation.spec.ts

- bulk material moderation confirms hidden scope, supports cancellation and retains PDF audit data chrome 2.0s
  moderation.spec.ts:22
- complete Student attempt, result, history and subject performance survive Quiz moderation chrome 2.8s
  moderation.spec.ts:90
- real Quiz creation, discovery, trusted API scoring and confirmed Quiz moderation integrate chrome 1.3s
  moderation.spec.ts:174
- student uploads, administrator confirms removal and removed content cannot be downloaded chrome 2.8s
  moderation.spec.ts:217
- student loads the 26th search match and keeps the search after another upload chrome 1.1s
  moderation.spec.ts:292
- Admin dashboard integrates real Question Bank moderation, responsive navigation and Student denial chrome 1.9s
  moderation.spec.ts:327
- ten isolated browser sessions concurrently upload, create quizzes, submit and read their own history chrome 9.3s
  moderation.spec.ts:394
- bulk material moderation confirms hidden scope, supports cancellation and retains PDF audit data edge 1.1s
  moderation.spec.ts:22
- complete Student attempt, result, history and subject performance survive Quiz moderation edge 2.9s
  moderation.spec.ts:90

✓	real Quiz creation, discovery, trusted API scoring and confirmed Quiz moderation integrate edge moderation.spec.ts:174	1.3s
✓	student uploads, administrator confirms removal and removed content cannot be downloaded edge moderation.spec.ts:217	2.9s
✓	student loads the 26th search match and keeps the search after another upload edge moderation.spec.ts:292	1.2s
✓	Admin dashboard integrates real Question Bank moderation, responsive navigation and Student denial edge moderation.spec.ts:327	1.9s
✓	ten isolated browser sessions concurrently upload, create quizzes, submit and read their own history edge moderation.spec.ts:394	11.2s
✓	bulk material moderation confirms hidden scope, supports cancellation and retains PDF audit data firefox moderation.spec.ts:22	6.4s
✓	complete Student attempt, result, history and subject performance survive Quiz moderation firefox moderation.spec.ts:90	3.6s
✓	real Quiz creation, discovery, trusted API scoring and confirmed Quiz moderation integrate firefox moderation.spec.ts:174	1.7s
✓	student uploads, administrator confirms removal and removed content cannot be downloaded firefox moderation.spec.ts:217	3.1s
✓	student loads the 26th search match and keeps the search after another upload firefox moderation.spec.ts:292	1.4s
✓	Admin dashboard integrates real Question Bank moderation, responsive navigation and Student denial firefox moderation.spec.ts:327	2.1s
✓	ten isolated browser sessions concurrently upload, create quizzes, submit and read their own history firefox	15.6s
